It is an athlete's responsibility to carefully read the WW 'athlete agreement' and fully comply with the requirements of these legal documents regarding advertising their sponsors. Failure to do so could result in deselection. WW recognise that Athletes may have sponsors who support them in the lead up to this competition, where these sponsors have asked to be promoted by the athlete following their selection, we recommend they contact the WW Performance Pathway Manager to discuss any potential conflicts with current or potential partners.

7. Confirmation of Health, Fitness and deselection

Each selected athlete must consistently display performance related behaviours, which provide the WW Performance team and Selection panel with confidence that they can achieve key performance targets.

The Selection panel under the advice of the WW Performance team reserve the right to de-select any athlete who fails to adhere to the terms outlined in this selection policy & the 'WW athlete agreement', or who has failed or refused to prove their form or fitness as highlighted below.

7.1 Any cause for concern over injury or illness arising from an examination or otherwise will lead to the athlete needing to demonstrate fitness at the discretion of the WW Performance Pathway Manager. The athlete will be asked to undergo a suitable fitness assessment with WW designated medicine personnel and/or the WW Performance Pathway Manager (as appropriate).

If WW wishes to request an assessment before departure for competition, then WW will provide reasonable notice of no less than 72 hours if it wishes to request an assessment.

If WW wishes to request an assessment after departure for competition, then WW may request an assessment as soon as is practically possible in the interest of athlete and staff safety.

If an assessment determines that an athlete is not fit to compete then WW may outline an appropriate course of action to resolve the situation, which may include deselection if a resolution is not deemed possible.

7.2 If it is the reasonable opinion of the WW performance team through observation of an athlete's training/competition/lifestyle does not demonstrate that they are on track to achieve agreed performance targets, then WW will be entitled to request an assessment of the Athlete's Form & Fitness. The WW Performance Pathway Manager is entitled to designate appropriate coaching or sport science & medical personnel to assess the athlete's Lifestyle, performance planning and/or their commitment and adherence to training. The findings of this assessment will be used to determine whether the athlete can achieve agreed performance targets at the selected competition. If an assessment determines that an athlete is not fit to compete then WW may outline an appropriate course of action to resolve the situation, which may include deselection if a resolution is not deemed possible.

7.3 If an athlete displays inappropriate or unacceptable behaviour that reflects poorly on WW, themselves or other selected team members, WW is entitled to investigate the situation fully.

If the actions of the athlete cannot be resolved, negatively affect other selected team members or there is a risk that there will be a negative effect on performance of other individuals or the team at the championships, then WW may outline an appropriate course of action to resolve the situation, which may include informal or formal disciplinary action and deselection if a resolution is not deemed possible without having an impact on the performance of the team.

If WW concludes that an athlete has been found not to have met the above criteria for continued selection (7.1, 7.2, 7.3, 7.4), the selection panel at their discretion reserves the right to:

- de-select the athlete
- set further conditions of selection
- request further assessment of health & fitness.

A deselected athlete will be entitled to appeal the decision and provide written representation in accordance with the WW appeals procedure (9.0).

EXTENUATING CIRCUMSTANCES

If an athlete cannot meet the minimum eligibility criteria due to extenuating circumstances, they may request an exemption by following the process below.

Supporting Evidence - The following information must be sent to ania.negele@weightlifting.wales before the qualification deadline.

- A letter outlining the reasons for and nature of the exemption request.
(no more than 250 words)
- A signed and dated supporting statement from a relevant individual (e.g., Psychiatrist, Doctor, Teacher, Line Manager)

Review Process

The Selection panel will review each case during the selection meeting. Discussions will consider the following criteria:

- Is the request for exemption considered reasonable and is the evidence provided considered to be true and accurate?
- Is the athlete engaged with the NGB and do they have an up-to-date performance plan which includes a competition plan and clearly articulated development objectives?
- Has the athlete fulfilled all other minimum selection criteria, and would the panel have selected them during the selection process under normal conditions?
- Does the panel agree that not competing during the qualification period serves the best interest of the performance of the athlete or team?
- Does the panel agree that competing at the goal event is in the best interest of the athlete or team considering their individual's current extenuating circumstances?
- Does selection of the athlete displace the selection of another athlete who has fulfilled all minimum eligibility criteria?
- Has the athlete lifted the qualification standard in the last 12 months in the same category they have declared interest to compete in?
- Is the athlete on a 'UKS Named support plan'? Is there a risk to the individual or BWL losing individual funding if the athlete is not selected for this event?

Accepted Solutions

If the case for extenuating circumstances is granted the panel can propose any or all the following solutions:

- The panel can choose to consider historic results recorded up to 12 months prior to the qualification deadline
- The panel can choose to extend the qualification period for the athlete to allow them more time to fulfil the necessary qualification criteria that the extenuating circumstances prevent them from demonstrating.
- The panel can request that the athlete completes a 'Fitness test' on a defined date, time, and location in the presence of the performance team to demonstrate that they can achieve key performance targets
